

September Kindergarten Everyday Math Home Links

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
	Count to 15 if you can. Or count as high as you can!	Count all the dishes on your dinner table tonight.	Find all the blue things in your house and count them.	Count how many people are in your family.	Take a walk and count how many houses are on your block.	
	Practice writing the numbers 0-5 in the air.	Open the refrigerator and count how many red things are in it.	Take spoons out of the draw and show sets of 0-5 spoons.	Find 5 toys. Point to the first one. Point to the last one.	Count to 21 if you can. Or count as high as you can!	
	Count backwards from 5-0	Get a handful of change, pick out the pennies.	Count up to 21 or as high as you can count.	Find different shapes in your house, and name them.	Count how many windows are in your house.	
	Count up to 21 or as high as you can count.	Count your toys, Show the first one and the last one.	Show five fingers, Show two fingers. Show three fingers. Show zero fingers.	Count backwards from 10 – 0. Or count backwards from 5 – 0.	Show five fingers. Show three fingers. Now show 1 finger.	

Please note: If any of these activities are too difficult or too easy for your child, consider modifying or adjusting the numbers to better reflect his or her needs.
